

FLESH WORLD

noisy/unpleasant/melodic/sludgy post-hardcore

A five-piece band from Kraków, Poland, revolving around the concepts of uncertainty and change, beauty found in decay, and the fear of life.

The new album, "*The Essence Has Changed, but the Details Remain*" was recorded entirely live in Monochrome Studio by Haldor Grunberg from Satanic Audio (Thaw, Behemoth) and mixed/mastered by Sylvain Biguet, who also worked with artists like Birds in Row, Death Engine, Valve, or As We Draw.

We're now working on shows for 2019 and eager to play as much as possible.
